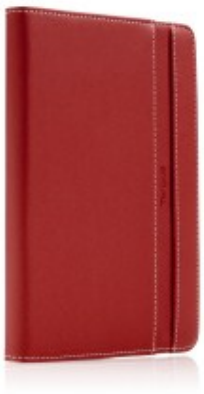
THZ18401CA | Targus Kickstand Case for iPad® mini (Red)



The Targus iPad® mini Kickstand Case features a book-like style with an elegant kickstand for landscape viewing while combining both personality and function into a durable case.

For hands-free viewing, simply flip open the front cover and convert the case into a stand.

Exterior shell provides extra protection while the soft-lined interior protects your iPad from bumps and scratches. For added security, an elastic closure holds your device in place. The flexible and secure bands make it easy to remove and insert the device while providing access to all ports.

Made from premium twill material for a touch of elegance that is easy to clean. The design also makes it easy to transport when you're on the go. For added convenience, the elastic band easily flips from front to back and keeps the camera hole accessible.

Designed specifically for the iPad® mini

Front cover converts into a stand Premium twill; Easy to clean cover; Elastic closure flips from front to back with easy access to camera hole; Soft interior lining
